X-ray Variability (16:45 - 18:30)

-Conveners: Michal Bursa

time	[id] title	presenter
16:45	[37] Eccentric accretion flows: a simple model of the stationary structure and oscillations	HORÁK, Jiří
17:25	[31] The mass, spin and rapid X-ray variability of accreting compact objects	TÖRÖK, Gabriel
18:05	[32] Oscillations and precession of fluid accretion disks around neutron stars	ŠRÁMKOVÁ, Eva
