X-ray Observations (11:10 - 12:35)

-Conveners: Martin Blaschke

time	[id] title	presenter
11:10	[41] The X-ray polarization view of black hole system, Cyg X-1, in its hard state	DOVČIAK, Michal
11:50	[5] X-ray polarimetry as a tool to measure the black hole spin in microquasars: simulations of IXPE capabilities	MIKUSINCOVA, Romana
12:10	[38] GRRMHD simulation of sub-Eddington accretion onto stellar mass black hole	LANČOVÁ, Debora
