### Processes in Strong Gravitational Field (14:45 - 16:10)

-Conveners: Vladimír Karas

time	[id] title	presenter
14:45	[2] Accretion states in active galactic nuclei	SVOBODA, Jiří
15:25	[14] Effects of relativistic precession on tidal-disruption-event light curves	CALDERÓN, Diego
15:45	[18] Bremsstrahlung of the charged particle in the vicinity of the weakly charged Schwarzschild black hole	JURAEV, Bakhtinur
