Ruins of the castle "Vikštejn"

Brave can continue from there along the Moravice river and hike 10+ km to Žimrovice along the old paper-mill channel. Great nature, scenery, and the hike builds up hunger and thirst for the evening!

White and Red Castle in Hradec and Moravici.
Behind the castle, there is a small garden with a bust of Beethoven, who once played there.

You can go from there up the hill to the lookout tower in the woods and continue into the forests. Brave can collect mushrooms.

Old steel mill "Vítkovice" at the heart of Ostrava. Fascinating for all who love brutalistic architecture of a derelict heavy industry.

Every hour, there is also a direct train going back and forth between Opava and Hradec.

Take a train to Ostrava-Vitkovice and from there use local transportation to go to Dolní Vítkovice.
