

RAGtime 23

Tuesday, 7 September 2021

Extreme Environments of AGNs and SMBHs (10:00 - 10:25)

time	[id] title	presenter
10:00	[20] Non-isotropic structure of the Galactic center S cluster: Implications for its origin	ZAJAČEK, Michal

Extreme Environments of AGNs and SMBHs (11:10 - 12:20)

time	[id] title	presenter
11:10	[28] Non-thermal emission from Broad Line Region clouds	MÜLLER, Ana Laura
11:35	[5] Sgr A* flares, an electromagnetic signal and more	Mr DIMITROPOULOS, Ioannis
11:55	[46] On the maximum energy of particles in the hotspots of radiogalaxy 3C 445	ARAUDO, Anabella

Extreme Environments of AGNs and SMBHs (14:00 - 15:10)

time	[id] title	presenter
14:00	[11] Active Galactic Nuclei as Relativistic Systems	KARAS, Vladimír
14:45	[29] Stellar winds pump the heart of the Milky Way	Dr CALDERÓN, Diego
